

Make your own playdough

Supplies:

- 1 ¼ cups Salt
- 1 ½ Tablespoon cream of tarter
- 2 ½ cups Flour
- 5 Tablespoons cooking oil (any kind)
- 2 ½ cups water
- Food coloring or package of kool-aid

Directions:

1. Mix the first 3 ingredients together
2. Boil the water (get help from someone older)
3. Take water out of microwave or stove top and add the oil and food coloring/kool-aid
4. Add the wet and dry ingredients together until the dough comes together.

Assignment:

Think of your favorite place at camp and use your playdough to make that place... maybe it's your bed, the dining hall, the swings, gaga ball, chapel, etc.

After you have it made, have someone take a picture of it and send it to the camp email and we will show them off next week to the other campers. Please put a description of what you made.

We can't wait to see what you come up with.
